5<sup>th</sup> Year 2012 Jena Commemoration March & Rally for Justice & Peace*

*Sirs:*

*Dr. Ernest Johnson, Honorable Ben Jealous, Rev. Jesse Jackson, Sr., Louisiana State NAACP, NAACP, Rainbow Push, SCLC*

*While I am very much aware, the Louisiana State NAACP Convention is in September each year (Hurricanes Excepted); it will be 5 years since the march in Jena of 2007 occurred.*

*All that were there are aware of the logistical concerns of that day! However, we as a people should not lose the historical significance of that push in Louisiana, America & the World. An Emergency Resolution was passed at the July Convention of the National NAACP that July! <http://justicefoundation.blogspot.com/2007/07/naACP-issues-emergency-national.html>*

*So it is, now that support of this event is requested from the aforementioned organizations and others. A permanent historical facility, should be established. The fact of six (6) teenagers facing 75 years each, reduced to lesser charges is significant enough to warrant such commemoration, especially so; **as still in Louisiana young men's lives are bartered off with felony-laced plea deals.***

*Sincerely,*
