Greetings Rev. Sharpton,

As you recall, in 2007 citizens of the world and America marched in Jena, Louisiana in protest to harsh criminal charges brought against six (6) black teenagers.

Since then, tireless work to inform Louisiana citizens and aid individual cases of injustice in the courts have been ongoing. Since 2005, I have been pushing for legislative hearings on the “injustice system” in Louisiana.

I am requesting your support and involvement in the “5th Year Jena Commemoration”. In addition, would you please ask the President of the United States, to rally with the people in Jena in September.

One goal of this event is to establish a facility for continual historic value of the 21st Century's tide turning march of 2007.
